

Ahmed Hany

IT Student Specialist

Achievements

Achievement

Extensive Studies in IT: I have pursued comprehensive studies in IT, specializing in areas such as network administration, systems management, and IT infrastructure

Achievement

Practical Application of Knowledge: Through hands-on projects and practical exercises, I have gained valuable experience in configuring and troubleshooting networks, strengthening my problem-solving and analytical abilities.

Profile

I am a dedicated IT professional with a strong background in network administration and a passion for continuous learning. Currently pursuing my MCSA certification, I have successfully completed CCNA and CCNP certifications. I am committed to delivering effective IT solutions and contributing to the success of organizations. With a solid understanding of networking concepts and hands-on experience with Cisco routers and switches, I possess the skills to ensure efficient network operations. Additionally, my knowledge of server administration, including Active Directory and DNS, allows me to effectively manage IT infrastructure. I am a problem-solver with excellent analytical abilities, and I thrive in collaborative team environments. With strong communication skills, I can effectively convey technical information to both technical and non-technical stakeholders. I am motivated, adaptable, and eager to contribute my expertise to drive organizational growth and success.

Education

2021 - 2025

information technology

Sinai University , North Sinai

I am currently a second-year student pursuing a Bachelor's degree in Computer Science and Information Technology at Sina University. Throughout my academic journey, I have gained a solid foundation in various aspects of IT, including network administration, systems management, and IT infrastructure.

My coursework has provided me with a comprehensive understanding of programming languages, database management, algorithms, and computer networks. I have actively engaged in practical projects and assignments that have allowed me to apply my theoretical knowledge and develop essential skills in problem-solving, critical thinking, and teamwork

Course

2023 - Present

CCNA
CCNP ENCORE
MCSA

Scal, Cairo

CCNA and CCNP (Scal Academy):

I have successfully completed comprehensive studies in Cisco Certified Network Associate (CCNA) and Cisco Certified Network Professional (CCNP) at Scal Academy. These courses, provided by a reputable institution, have equipped me with a solid understanding of network design, configuration, troubleshooting, and security. Through hands-on practical exercises and real-world scenarios, I have gained valuable experience in implementing and managing network infrastructures, ensuring optimal network performance.

MCSA (Scal Academy, in progress):

Currently, I am pursuing the Microsoft Certified Solutions Associate (MCSA) certification at Scal Academy. This course focuses on Microsoft technologies and system administration, providing me with essential knowledge in areas such as Windows Server, Active Directory, and network infrastructure management. With the guidance of experienced instructors and access to cutting-edge resources, I am actively developing the skills required to design, deploy, and maintain Microsoft-based IT solutions.
